## To Our Students

Welcome to Urban Tactics Krav Maga!

Congratulations are in order, as you have just taken the hardest step in your journey from Lamb to Lion. Starting. It is our goal to guide you through your Krav Maga journey so that you may learn to protect yourself both physical and mentally.

As you begin your training there may be times in which you will question your own abilities and wonder why you are learning Krav Maga, but I promise you that if you stick with it, you will soon notice your fitness level improving, your strength increasing, and a growing confidence in your ability to protect yourself.

We have trained thousands of students from all walks of life; each bringing different experiences and backgrounds to our classes, so we look forward to working with you and helping you achieve your goals as well. Through your journey with us you will learn a variety of different skills like basic self-defense concepts and techniques, Boxing, Kickboxing, Wrestling, and basic grappling. As you advanced you will learn the more exciting aspects of Krav Maga, from safe firearms use to arrest techniques. But to walk this path you must start with an open mind, a humble attitude, and a consistent work ethic.

This Student Handbook was created to give you some insight as to what to expect, and to answer some common questions. However, if you have further questions that aren't addressed herein, don't hesitate to ask.

Once again, welcome to our school and I'll see you in class.

Jonathan Fader

UTKM Lead Instructor

## UTKM MOBILE APP – Zen Planner

At UTKM we try to make things as easy as possible for both students and instructors. As such we have chosen as our student management software [Zen Planner](#). With both the Student App and Web Portal you are able to manage your profile information, sign in for classes, access class schedules, check your progress, and much more. **You must also use this system to sign waivers and contracts. If you see a red alert sign then there is usually an unsigned document.**

Go to the APP store on your phone and download [Zen Planner](#). Log in using the same email you used when you signed up for Urban Tactics, set an account, and you are good to go. If you are not sure how to set up your password or have difficulties just let us know and we can send you an account reset email.

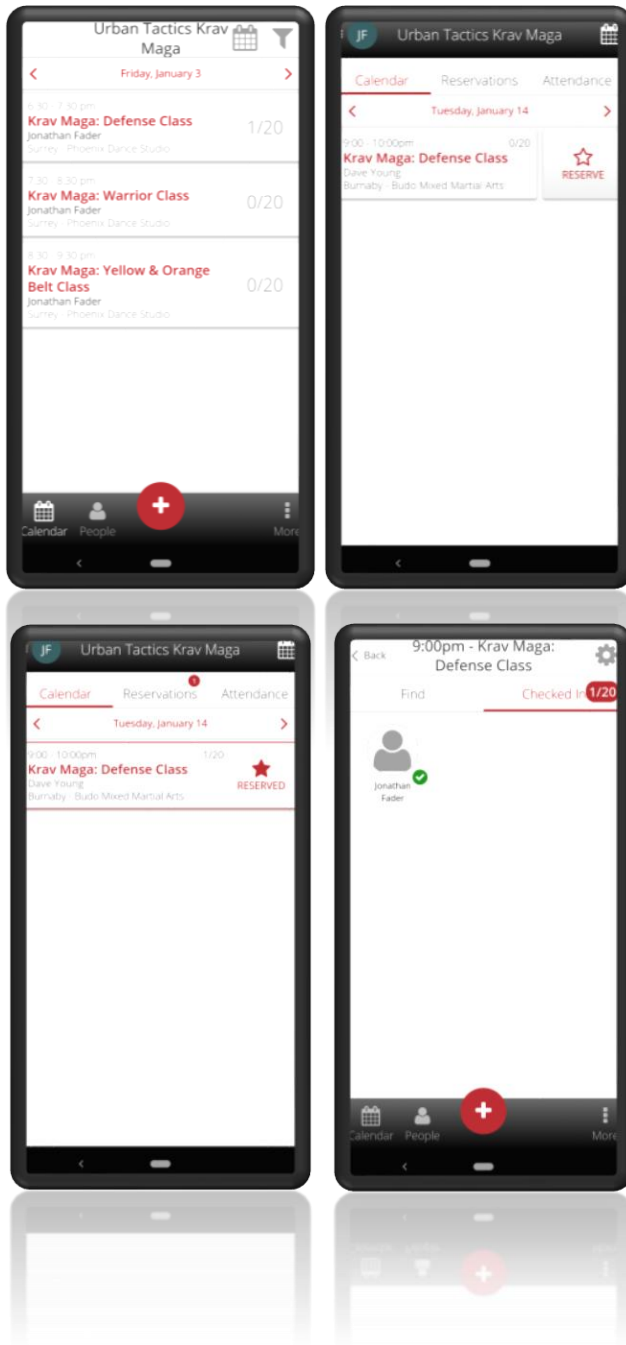

Optimize your time and maximize the convenience of tracking classes from your device. Use the app every time before you come to reserve your spot in class, and then to sign in when you arrive. Before class starts make sure you see your name in the app with a green checkmark. If you do not properly sign in *every time*, then the system will not record your attendance properly. If for whatever reason you are unable to sign in on your phone you can do so on the school tablet prior to class start; it is your responsibility to make sure you are signed in.

It is also important that you ensure your Email and Credit Card information are up to date, this can also be done in app or via the web portal.

Zen planner Link for the APP:

<https://info.zenplanner.com/for-members>

## Signing into class

1. After you login to your account via the app, search the calendar for the date or dates you would like to reserve a spot for. There will be a star that has no fill. Click on that to reserve your spot.

2. Once the star is filled in you have reserved your spot. You must either sign in via your app, or via the school tablet provided, to ensure that you are signed in. A green check mark means your attendance has been recorded.

## What Is Krav Maga?

Krav Maga is a practical and effective system which teaches an individual how to prevent and overcome all manner of violence and attacks in the real world where there are no mats, no rings, and *no rules*. Starting with Critical Thinking and Situational awareness it builds from the simplest, most effective techniques that work for the most people most of the time. It re-trains your nervous system to have the fastest, most effective response when you are under the stress of a violent physical confrontation. While also teaching you to be calm, applying controlled aggression and strategy. It not only develops your ability to handle unarmed self-defense scenarios. it also builds proficiency in armed ones.

Krav Maga is a system with a unique and logical approach. It is easy to learn and retain, with easily performed natural and intuitive movements. It is very practical to use under stressful conditions as the moves are built off the normal, untrained reactions that people generally have. The techniques employ the quickest, simplest movements, and often use aggression and surprise to simultaneously defend and attack.

Krav Maga prepares Individuals to function in all circumstances and scenarios, in all combat and fighting environments, according to their needs and risks they may face on the job or in life. Krav Maga helps individuals develop tactical, physical, and mental awareness, and encourages constant growth and improvement.

Krav Maga is NOT a martial art; it is a mentality and a SELF-DEFENSE system. There are no competitions. It is meant for real life and teaches you how to survive so that you can go home to your family.

It is the simplest, most effective form of self-defense in the world!

## A Brief History of Modern Krav Maga

Imrich ("Imi") Sde-Or is credited with opening the first public school for Krav Maga and is the main reason that Krav Maga is what it is today. While a slightly different style, called "KAPAP," was being created in the then "Mandate for Palestine," by the earlier Jewish re-settlers and resistance groups, we consider Imi the Founder of Modern Krav Maga. He was born in 1910 in Budapest, Hungary which, at the time, was one of the centers of the Austro-Hungarian Empire. He grew up in Bratislava, the capital of Slovakia, in a home where sports, law, and Central European education were equally respected. Samuel Lichtenfeld, Imi's father, was undoubtedly quite a unique figure; at age 13 he joined a traveling circus, and for the next 20 years engaged in wrestling, weightlifting, and various demonstrations of strength. For Samuel the circus was also a school where he met people involved in a wide variety of sports, including some quite unusual ones. These people taught Samuel what they knew - including a variety of martial arts.

With his father's encouragement, Imi became active in a wide range of sports. He first excelled in swimming, and subsequently in gymnastics, wrestling, and boxing. In 1928, Imi won the Slovakian Youth Wrestling Championship and in 1929 the adult championship (in the light and middle weight division). That year he also won the national boxing championship and an international gymnastics championship. During the ensuing decade, Imi's athletic activities focused mainly on wrestling, both as a contestant and as a trainer.

In the mid thirties, conditions began to change in Bratislava. Fascist and anti-Semitic groups appeared, determined to upset the public order and harm the city's Jewish community. Imi became the defacto leader of a group of likeminded young Jews willing to stand up and defend their community; most of whom had a background in boxing, wrestling, and weightlifting. This group attempted to block the anti-Semitic bands from entering the Jewish quarter and wreaking havoc therein. Thus, between 1936 and 1940 Imi took part in countless violent encounters in order to protect himself, and others.

A story has been told that one time Nazi hooligans came into the university hitting and punching Jews. Suddenly a young man showed up, confronted them by hitting and biting them, and then disappeared as quickly as he had appeared. The story spread and one name stood out above the crowd..."Imi". In 1940, having become a thorn in the side of the anti-Semitic local authorities as a result of his activities, Imi left his home, family, and friends, and boarded the last immigrant ship that succeeded in escaping the Nazis' clutches. The vessel was an old riverboat named Pentcho, which had been converted to carry hundreds of refugees from Central Europe to the land of Israel (then called Palestine). The gripping story of the Pentcho and its passengers is told in detail in the book *Odyssey* by John Birman (published by Simon & Shuster, New York, 1984). Imi's private, two year odyssey, aboard that ship and afterwards, was filled with thrilling episodes. At one point on his journey, the ship hit a rock. Imi went with a small boat looking for help and eventually was found and taken by the British to Egypt. There he underwent several surgeries due to an infection on his face that caused paralysis.

He was asked by Yitzchak Sade to help train the "Netotim" in the Hagana (one of the para-military groups, that operated in Israel prior to the founding of the state and creation of the IDF) and teach them self-defense. In 1944 Imi arrived in Palestine and began training fighters in his areas of expertise: physical fitness, swimming, wrestling, use of the knife, and defenses against knife attacks. During this period, Imi trained several elite units of the Hagana and Palmach (strike force of the Hagana and forerunner of the special units of the IDF), including the Pal-Yam and groups of police officers. In 1948, when the State of Israel was founded and the IDF was formed, Imi became Chief Instructor for Physical Fitness and Krav Maga at the IDF School of Combat Fitness. He served in the IDF for about 20 years, during which time he developed and refined his unique method of self-defense and hand-to-hand combat. Imi personally trained the top soldiers.

During his service he married a woman named Ilana and adopted her child, as he did not have children of his own. He always told his students: "I do not need children, you are my sons".

After he finished his active duty, Imi began adapting and modifying Krav Maga for civilian needs. The method was formulated to suit everyone - men and women, boys or girls, who might need it to save their lives or survive an attack while sustaining minimal harm. To disseminate his method, Imi established two training centers, one in Tel Aviv and the other in Netanya. Among his students was Yitzchak Rabin. (Former PM of Israel, assassinated by a Jewish fanatic in 1994)

*"People respect power, and it comes in many forms, Krav Maga is power, and people will respect you for knowing it"*

Even during his last years, Imi continued to personally supervise the training of those who had attained high ranks in Krav Maga, and to spend time with the instructors in Israel and abroad. Imi monitored the trainees' progress and achievements, captivating them with his unique charisma and imparting them with his lifelong accumulation of knowledge in Krav Maga and self-defense.

Imi, a teacher, a warrior, and a great human being, passed away in the early morning hours of January 9, 1998. Thus, the legend was dead, but not his legacy.

"So one may walk in peace."

## UTKM CORE PRINCIPLES

At UTKM we have 3 Core Principles:

**“We train People,  
Not Belts or  
certificates”**

To build the person, through time, commitment, and hard work. Belts and certificates are just milestones. Developing the person mentally and physically, to be a better version of themselves day by day, is the real goal.

**“We Turn  
Lambs into  
Lions”**

To turn everyday citizens into everyday warriors. Whether you are naturally physical or not, through consistent training, if you start and stay with it, then you too will find your inner lion and be the warrior you always wanted to be.

**“We never stop  
learning and  
growing”**

To always keep an open mind and keep learning; Krav Maga is meant to adapt and change, so too must you. If you think you know everything and stop training you have closed your mind and closed the path to growth.

## UTKM KRAV MAGA PROGRAM

Krav Maga is known worldwide as one of the best systems for self-defense—and when it comes to traditional Krav Maga, that reputation is well earned. The first 10-30 seconds of unwanted violence are typically a self-defense scenario, where both you and the attacker tend to follow predictable patterns of behavior and response.

Where traditional Krav Maga often starts to fall apart is when the situation goes past that initial window—when running isn't an option and you're forced to fight. The skill level required beyond the first moments of conflict is significantly higher, and general fighting skills—especially ground fighting—are areas where many traditional programs don't go far enough. In line with one of our three core values, **“Never Stop Learning/Growing,”** we aim to provide the best possible Krav Maga experience—so you can become the best version of yourself while maximizing your ability to defend yourself in real life. UTKM has trained and evolved through a variety of systems, from more traditional organizations like IKMF and KMG, to more modern approaches such as CT707 under Nir Maman, IKF under Amit Himelstein, and Instinct IIC under Kfir Itzhaki. Add to that Lead Instructor Jonathan's experience in BJJ and other styles, and our curriculum has become a true hybrid program—our own system that blends the best parts of Krav Maga with a more traditional martial arts progression.

This approach recognizes a simple truth: mastery takes time. Building the broad skill set required to defend yourself across the widest range of situations demands dedication, consistency, and commitment. Our primary program develops not only your Krav Maga self-defense skills, but also your overall combatives ability by integrating boxing, kickboxing, wrestling, and grappling into the system. We also recognize that most people don't come from military or law enforcement backgrounds. So, to truly turn you from a lamb into a lion, we've woven elements of professional application into our regular program—especially at the advanced level.

The UTKM program is broken into three levels of classes: **Beginner, Novice, and Advanced.**

“TURNING LAMBS  
INTO LIONS” ®

## Instinct IIC Krav Maga

You may have noticed an “(i)” next to many techniques in your Student Guide and wondered what it means.

UTKM is a certified **Instinct IIC** school under **Kfir Itzhaki**, and we’re qualified to rank students who are interested in being ranked within the Instinct IIC system. Instinct IIC is a more traditional approach that focuses heavily on the first **10-30 seconds** of unwanted violence—the moment where solid self-defense fundamentals matter most.

“Follow Your Instinct”

From time to time, we will hold **review seminars and testing** for students who want to pursue Instinct IIC ranking.

## IKF – International K.A.P.A.P Federation

UTKM Lead Instructor Jon, along with other instructors on our team, are recognized **IKF instructors**, and UTKM is part of the global network of **IKF schools**. Because of the nature of the IKF program, it is largely integrated into our overall curriculum.

IKF does not use a ranking system, so we do not offer ranks under IKF.

## UTKM KRAV MAGA PROGRAM BELT PROGRESSION

In the Krav Maga world, there are many different paths for ranking and curriculum. Some organizations use patches, some use levels, and some don't use ranks at all. At UTKM, we've chosen to honor the original belt system—not only to respect the founder of Krav Maga and his wishes, but because belts are simple and universally understood. Everyone knows what a black belt is.

At UTKM, every belt test is challenging by design. It's meant to push you to your physical and mental limits, and it's structured very differently from most organizations. That's one of the reasons we do not offer direct rank recognition from other schools. With the exception of the Yellow Belt test (which is a group test), all tests are individual—built to evaluate you, and you alone, on your ability to defend yourself in many ways. Your knowledge of self-defense, Krav Maga, and violence is tested as well, becoming more comprehensive at every rank.

UTKM belts are earned, not given. Because we're preparing you for real-world violence, we don't believe in handing out something for nothing—or giving anyone a false sense of confidence. While UTKM follows the traditional Krav Maga belt system, our curriculum and testing requirements are our own and do not directly compare to any other system. In many ways, our program is condensed, and our White-to-Green belt curriculum can be comparable (from a curriculum perspective) to what some organizations cover at black belt level. While you won't have the *skill* of a black belt at those ranks, your knowledge and foundation will be extensive. Beyond that is professional application, which we've woven into our regular belt system as much as possible rather than keeping it separate.

At UTKM, we pride ourselves on turning lambs into lions—and on staying focused on standards that actually matter. We won't promote you just to make you feel good, or so you can compare yourself to a friend in another martial art. We promote you when you've truly met our expectations, and when you're ready to challenge yourself physically and mentally in a way many people have never experienced before. UTKM belts are hard-earned and well-deserved, because there are no shortcuts on the road to mastery, self-improvement, and the ability to properly defend yourself against real-life violence.

## The Belts

### White Belt (Beginner)

It's all new to you. You may be timid, and we get that, so we'll help you step out of your comfort zone. You'll learn how to properly punch and kick, and be introduced to a few techniques. Don't go picking any fights though. A white belt level is all about learning your capabilities but, more importantly, learning how to critically think for self-defense purposes.

### Yellow Belt (Novice)

You have at least 70 hours under your belt and you've been sparring for a while. You should start to feel more comfortable if you were to be confronted on the street, however, you need to build muscle memory into your techniques, plus learn some new ones. By this stage you'll be able to reasonably defend yourself in the average self-defense scenario, and dole out some hurting of your own, more than the average person on the street.

### Orange Belt (Novice)

You now have 140 hours or more, plus a lot of sparring, so the techniques will be fairly ingrained in you, and you will have developed a high sense of situational awareness. Additionally, you are now more prepared for when, just as in life, the self-defense techniques don't always go as planned. You can now expect the unexpected and still come out on top. You will feel confident and comfortable that if someone starts being overly aggressive with you, then you feel sorry for them and they better back off. You're now someone to watch out for and are not to be underestimated.

### Green Belt (Advanced)

You've trained for at least 280 hours, and the rinse-repeat repetition of the techniques is fairly second-nature to you. You've passed one of our most grueling belt tests so you're well aware of what you're capable of when push comes to shove. You've achieved a level that only a handful of others have. This is a pinnacle stage in the UTKM world as you have now completed the fundamental hand-to-hand components of our self-defense system. Everything at or above the green belt level steps away from simple self-defense and begins to bridge the gap between civilian applications and job-specific applications (policing, security, or the military). Achieving a green belt is a significant milestone and separates the standard street survival skills and techniques from the higher, more sophisticated firearms and weapons training. You feel comfortable and confident.

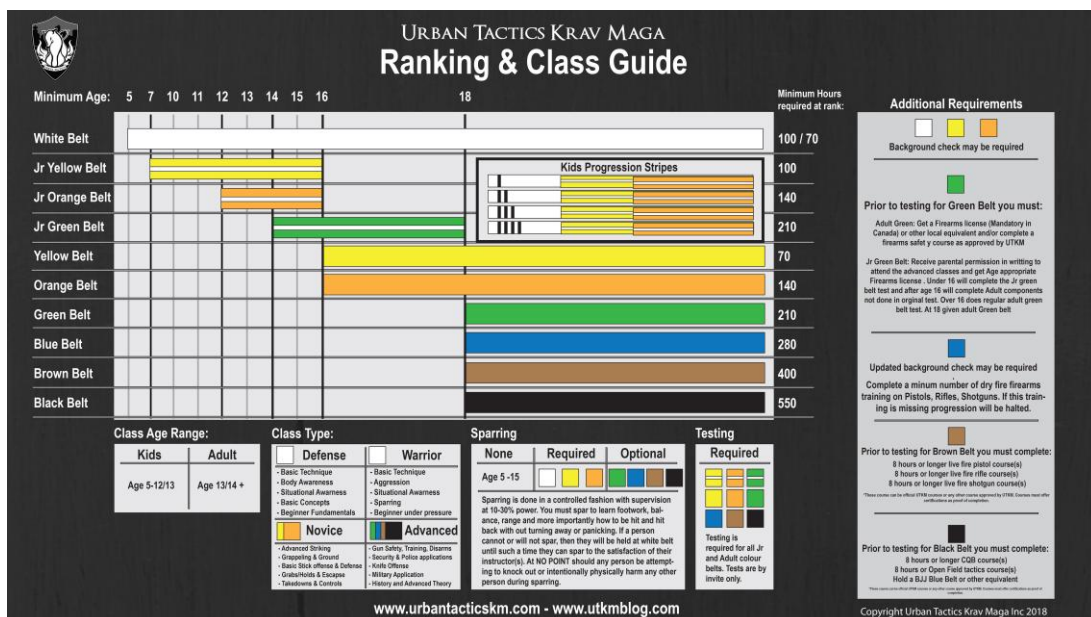

### Blue, Brown (Advanced)

Krav Maga is more than knowing how to defend yourself on the street; it is a mentality and a lifestyle. Anyone who continues to train at this level has a deep appreciation and desire to go above and beyond being able to defend themselves in the local bar. At these belt levels, you will develop the skills required for industries requiring an advanced skill set such as Security, Law Enforcement, and the Military. Remember, Krav Maga was originally developed for military and police applications.

### Black Belt (Expert)

At this point in your training, you've committed a significant part of your life to Krav Maga at UTKM—and you've completed the full UTKM curriculum. You're now stepping onto the path to mastery, and that journey takes years. To keep growing, you'll need to continue training regularly across all class levels, not just one. If you have not already been certified as a UTKM Assistant Instructor or Full Instructor, you may challenge for **Full Instructor** status after completing the required online course. If you pass the challenge test, you can waive the practicum and the usual **2-3 years of teaching experience** normally required to move from Assistant to Full Instructor. It's important to understand that earning your black belt makes you a **practitioner black belt**—but it does not automatically give you the right to teach under the UTKM brand. Being able to do, and being able to teach, are two separate skill sets. At UTKM, they are trained and tested independently.

## UTKM Krav Maga Belt Testing

UTKM has its own belt testing standards designed to truly prepare you for any and all real self-defense situations you may encounter. We will not let you test unless we feel you are ready, both physically and mentally. As such there will be progress Assessments in between each test to ensure that you are where we think you are, and so that you know what you need to improve prior to your next test.

You may be invited for assessments any time after you are halfway through your minimum hour requirements for each level and given feedback. Assessments will test your knowledge of the curriculum for your level, your attitude, and your current physical levels. Assessments are usually held with groups of individuals who are at the same level. If you have completed an assessment but wish to do it again you may do so at any time, appropriate to your level, for a discounted fee. After you have completed an assessment, and have achieved the minimum requirements of each level as well as met the UTKM standards, you will be invited to test.

### *Belt Assessment and Testing Requirements*

- **White Belt Assessment – Fee \$50**
  - Completed a minimum of 40 hours at White belt
  - Participated in a minimum of 10 sparring sessions in the Warrior classes
  - Demonstrated competency in sparring, and can safely spare with contact
- **Yellow Belt Test – Fee \$50**
  - Completed a minimum of 70 hours at White belt, warrior, and defense classes, and be approved by your regular instructor and 6 months total time
  - Demonstrated competency in sparring, and can safely spare with contact
  - Completed at least one White Belt Assessment
  - Have volunteered in or witnessed a previous Yellow belt test
  - Attended classes a minimum of once a week for 6 weeks prior to testing
  - Are physically and mentally ready for the test, as determined by your instructor
- **Yellow Belt Assessment - Fee \$50**
  - Completed a minimum of 30-40 hours at Yellow belt
  - Continued to advance your sparring skills in the Warrior classes
  - Demonstrated competency in sparring, and can safely spare with contact
- **Orange Belt Test – Fee \$100**
  - Completed a minimum of 70 hours at Yellow belt and 8 months training minimum
  - Demonstrated competency in sparring, and can safely spare with contact
  - Completed at least one Yellow Belt Assessment
  - Recorded at least 2/3 of your required hours in the Novice Colour Belt classes
  - Demonstrated competency in the Yellow Belt Curriculum
  - Have volunteered in or witnessed a previous Orange or Green belt test
  - Attended classes a minimum of once a week for 6 weeks prior to testing
  - Are physically and mentally ready for the test, as determined by your instructor
  - Have prepared for the written portion of the test by studying the UTKM Blog and Guides

- **Orange Belt Assessment - Fee \$50**
  - Completed a minimum of 100 hours at Orange belt
  - Continued to advance your sparring skills in the Warrior classes
  - Demonstrated competency in sparring, and can safely spare with contact
  - Have sparred at least 5 times in the Novice Colour Belt classes
  - Recorded at least half your hours at the Novice Colour Belt class level
- **Green Belt Test– Fee \$150**
  - Completed a minimum of 140 hours at Orange belt and at least 12 months training,
  - Demonstrated competency in sparring, and can safely spare with contact
  - Completed at least one Orange Belt Assessment
  - Recorded at least half of your hours in the Novice Colour Belt classes
  - Demonstrated competency in the Yellow and Orange Belt Curriculum
  - Have volunteered in or witnessed a previous Orange or Green belt test
  - Attended classes a minimum of once a week for 6 weeks prior to testing
  - Are physically and mentally ready for the test, as determined by your instructor, including the ability to run a minimum of 2km
  - Have prepared for the written portion of the test by studying the UTKM Blog and Guides
  - Have Received your Canadian Firearms License (PAL) or local equivalent of a firearms safety course.
- **Advanced Assessments**
  - Unless we're expecting a large group of people to test at the same time at the advanced levels, there's no need to run formal assessments. At that stage, it's expected that students stay on top of their material through active review in advanced classes, and that they continue reviewing their theory on their own time through our online platform at [www.utkm.com](http://www.utkm.com).
- **Blue Belt Test – Fee \$200**
  - Completed a minimum of 200 hours at Green belt and at least 12 months training,
  - Demonstrated competency in sparring, and can safely spare with contact
  - Completed at least one Green Belt Assessment
  - Demonstrated competency in the Yellow, Orange, and Green Belt Curriculum
  - Have volunteered in or witnessed a previous Orange or Green belt test
  - Have attended enough Advanced classes to know all of the material
  - Ensure that you know all of the Green Belt Theory
  - Have sparred at least 5 times in the Novice Colour Belt classes
  - Recorded at least 1/3 of your hours at Advanced and 1/3 at Novice Colour Belt classes
  - Attended classes a minimum of once a week for 6 weeks prior to testing
  - Are physically and mentally ready for the test, as determined by your instructor, including the ability to run a minimum of 5km
  - Have prepared for the written portion of the test by studying the UTKM Blog and Guides and Advanced Class theory notes
  - Have Volunteered a min of 8 times for testing or assessments
  - Dryfire endorsements will be included in all tests where dryfire practice has been trained using real firearms, airsoft, or replica guns—wherever legally permitted.
- **Brown Belt Test – Fee \$250**
  - Completed a minimum of 300 hours at Blue belt and 24 months training
  - Continued to advance your fundamentals in Warrior and Defense Classes
  - Continued to advance your novice skills in the Novice Colour Belt classes
  - Have attended enough Advanced classes to know at least 2/3 of the material
  - Demonstrated competency in the Yellow, Orange, and Green Belt Curriculum
  - Ensure that you know the Green and Blue Belt material
  - Demonstrated competency in sparring, and can safely spare with contact
  - Have sparred at least 5 times in the Novice Colour Belt classes
  - Recorded at least 1/3 of your hours at Advanced and 1/3 at Novice Colour Belt classes
  - Demonstrated competency in safe firearms handling for Pistol, Rifle, and Shotgun
  - Have trained or demonstrated that you have complete enough live fire training
  - Demonstrated competency in Live fire training
  - Have Volunteered a min of 15 times for testing or assessments at all levels
  - Are physically and mentally ready for the test, as determined by your instructor, including the ability to complete a minimum 2km weighted run
  - Demonstrated competency in Krav Maga application for civilian, security and law enforcement
  - Have prepared for the written portion of the test by studying the UTKM Blog and Guides and Advanced Class theory notes
  - Dryfire endorsements will be included in all tests where dryfire practice has been trained using real firearms, airsoft, or replica guns—wherever legally permitted.
- **Brown Belt Live Fire Endorsement Test - Fee Aprox. \$300-500+**
  - A Live fire endorsement is generally recommended for all Brown Belts but may not be legally possible where you live.
  - Live-fire endorsement tests can only take place where legally permitted, and only after a student has demonstrated sufficient experience with all three required platforms: pistol, semi-automatic rifle, and pump-action shotgun—through UTKM courses or other verified live-fire experience. The length of the test will vary depending on the practical requirements of running it safely and properly.
  - This endorsement will be completed after the regular Brown Belt test. If passed, the student will be issued a new Brown Belt certificate that includes the endorsement. All Full Instructors & above must hold this endorsement.

- **Black Belt Test (Practitioner Black Belt) – Fee \$250**

- Completed a minimum of 300 hours at Brown Belt and 24 months of training
- Continued to advance your fundamentals in Warrior and Defense Classes
- Continued to advance your novice skills in the Novice Colour Belt classes
- Have attended enough Advanced classes to know and teach all levels of UTKM techniques
- Ensure than you know all levels of theory
- Demonstrated competency in sparring, and can safely spare with contact
- Recorded at least 1/3 of your hours at Advanced and 1/3 at Novice Colour Belt classes
- Demonstrated competency in safe firearms handling for Pistol, Rifle, and Shotgun
- Have trained or demonstrated that you have complete enough live fire training
- Demonstrated competency in Live fire training
- Have Volunteered a min of 20 times for testing or assessments at all levels
- Demonstrated competency in Krav Maga application for civilian, security and law enforcement
- Are physically and mentally ready for the test, as determined by your instructor, including the ability to complete a minimum 5km weighted run
- Have prepared for the written portion of the test by studying the UTKM Blog and Guides and Advanced Class theory notes
- Are prepared to teach, beginner, novice and advanced students (If taking Instructor path)
- Have achieved a Blue Belt in BJJ or comparable grappling style strongly encouraged

- **Black Belt Live Fire Endorsement Test - Fee Aprox. \$300-500+**

- A Live fire endorsement is generally recommended for all Black Belts but may not be legally possible where you live.
- Live-fire endorsement tests can only take place where legally permitted, and only after a student has demonstrated sufficient experience with all three required platforms: pistol, semi-automatic rifle, and pump-action shotgun—through UTKM courses or other verified live-fire experience. The length of the test will vary depending on the practical requirements of running it safely and properly.
- This endorsement will be completed after the regular Black Belt test and must be done again to retain this endorsement even if already achieved at Brown Belt. If passed, the student will be issued a new Black Belt certificate that includes the endorsement. **All Full Instructors & above Must hold this endorsement.**

- **Black Belt Dryfire CQB Endorsement Test - Fee Aprox. \$300-500+**

- A Dryfire endorsement is generally recommended for all Black Belts but may not be legally possible where you live if airsoft firearms are not available
- While it's preferred that all black belts hold this endorsement, it isn't practical in every country due to legal and logistical restrictions. This endorsement can be added at any time after achieving black belt.
- This endorsement will be completed after the regular Black Belt test and should be done only after prior CQB training—either through UTKM or other recognized trainers. **This endorsement is required to achieve Lead Instructor status and to teach CQB to advanced students.**

- **Black Belt Full Instructor Certification Challenge - Fee Aprox. \$300-500+**

- If you have not already been certified as a Full Instructor and would like to be after achieving your black belt, you can complete a full day of practical testing to earn this certification.
- **You must have already completed the Full Instructor Theory Course, which typically takes most people 3-12 months to finish. This course has a separate cost of \$1500-\$2,000.**
- It's recommended that you complete a practicum before attempting this, but it isn't required. However, if you fail the test day, you will need to complete a practicum before you can re-challenge.
- **The purpose of this test day is to waive the usual 2-3 years of teaching experience typically required to move from Assistant Instructor to Full Instructor. This challenge test can only be completed at the black belt level.**

\*Testing fees are subject to change unilaterally by UTKM.

PREPARE FOR YOUR TESTS! The pictures below indicate as to why.

## UTKM KRAV MAGA CLASS TYPES

At UTKM we believe in building you from the bottom up; no matter what your experience level is we want you have a strong foundation in the basics. As we focus on self-defense we do not want to give you a false sense of security when it comes to your own abilities. As you meet milestones and show the required skills you will be invited to advance not only in rank but also in which classes you may attend.

### Beginner classes:

These are the basic classes and are open to all students. In fact, no matter how long you have been at UTKM you should make an effort to attend these classes at a minimum of a 1:1 or 2:1 ratio until Green belt, and then a 4:2:1 Beginner:Novice:Advance ratio above that.

### Defense Class:

This is the first step in your journey from Lamb to Lion. The defense class is the beginner level class for all new students. It is a class focused on the techniques of Krav Maga, as we teach them, and is where you will learn the fundamental concepts, principles, and theories that are Krav Maga. This is a semi-contact class: groin protection is required and a mouth guard is advised. Please wear your school uniform (UTKM t-shirt) if you are a regular student. Our Defense class is open to all levels of skill and experience.

### Warrior Class:

A key part of Krav Maga is developing a person's mental and physical strength. This class will push your limits and boundaries, and is the advanced-beginner class. Leave with sweat on your brow and the satisfaction that you come out a little better than you entered. The Warrior class is designed around the Israeli style of training that made Krav Maga so effective; it involves aggression drills and semi-contact, controlled sparring.

This Class is open to all individuals with 1 month defense class training, with 4-6 classes and instructor approval. Instructor Signature must be obtained in your work book. Our Warrior class is the next step in your self-defense transformation from Lamb to Lion.

This is a CONTACT class. Please bring all of your gear:

- Mouth Guard
- Groin Protection
- MMA Gloves
- Krav Maga Head Gear

### Novice classes:

Novice Colour Belt class is where we begin to start to look at more close quarters self-defense. From grabs and holds to groundwork, and everything in between. We also begin to look at basic weapons techniques and how to control resisting opponents. It is a mix of both our Yellow and Orange belt curriculums.

This class is open to all students with a UTKM Yellow belt or higher. Once you achieve your Yellow belt you should be attending these classes as often as you can. Between 1/3 and 1/2 of all your class time should be in these classes. Our Novice Colour Belt classes run one to two months Yellow belt curriculum to one month Orange belt curriculum.

## Advanced classes:

Advanced Colour Belt classes, or Green belt and up, are where we start to look at job specific applications for Krav Maga, or more specifically, security, police, and military use. We take everything we have already learned and expand on it. This is also where we begin to look at firearms self-defense and basic use. We currently require all persons to hold their Canadian Firearms license (PAL) prior to achieving this level. If you are unable to obtain a PAL, please talk to the lead instructor as some exceptions may be allowed on a case by case basis.

Once you earned your Green belt you must still attend the Novice and Beginner classes to continue to develop your foundational skills. The Advance class curriculum is radically different than that of the Beginner and Novice classes, and while your focus should still be on the advanced material it is expected that you continue to attend the Novice classes and the occasional Beginners class. The advanced classes are 1/2 to 2/3 Green belt material to Blue and Brown belt material.

## SPARRING

Sparring is 100% essential to Urban Tactics Krav Maga training. Sparring does not have to be difficult or scary, and with the proper protective gear, sparring can be fun, rewarding, and, most importantly, SAFE. In sparring, students will practice aggression, power, and judging distance, as well as learning how to handle themselves under violent stress. Students also have the opportunity to put their techniques and fighting skills to the test, to see what works for them and what does not.

*Note that, due to simple physics, an individual who is heavier and has more mass can exert far more force with relatively less energy. If a person who is 100lbs hits a person twice their size, they will have to hit considerably harder to do significant damage compared to their opponent. For the larger fighter, having greater mass means they do not have to exert as much energy. Therefore, we usually instruct our students to utilize 10% of their power as we want them to work on range, speed, technique, movement, etc., rather than trying to kill each other.*

Remember, no one is exactly alike, and everyone has their own strengths and weaknesses. The only way that you are going to find out what works for you is through sparring with opponents of various sizes, strengths, speeds, heights, ages, and abilities.

**\*If you attend multiple Warrior classes a week it is recommended that you do not spar more than once a week.**

## Rules and Requirements

### *Krav Maga Sparring – Light Contact*

- **No Mouth Guard, No Sparring!**
- Full protective gear is required - Groin protection (both men and women), MMA gloves, mouth guard, helmet with facemask. NO SHOES DURING SPARRING. Shin Guards are optional during class but are not permitted during assessments or testing.
- Sparring is light contact. 10% of your power most of the time, unless otherwise directed by the instructor.
- Sparring is closely monitored by the instructor, and often safety monitors are appointed.
- **If someone hits too hard, let them know!**

### *Krav Maga Sparring – Body Shots - No Headshots*

- **No Mouth Guard, No Sparring!**
- **For those under 16 or sparring with Junior ranks**
- Sparring can be no contact “flow sparring”
- Sparring can be light contact body shot only (No strikes to the face for under 16)
- Sparring for 16 plus can be harder contact 50-70% for those comfortable training their endurance and mental strength.

### *Krav Maga Sparring – Slow Flow Sparring*

- Light contact to the body
- No Head or face shots with contact
- Flow sparring either back and forth or in a flow state.
- **Ideal when injured or not feeling 100%**

Above all, **BE RESPECTFUL TOWARDS YOUR TRAINING PARTNER!** If a fellow student or Instructor says you are hitting too hard then **YOU ARE HITTING TOO HARD**, it is not a debate. Also remember, if your partner is hitting too hard there is a chance that **YOU ARE HITTING TOO HARD**, and you should dial it back! It is light contact and nothing more. Failure to maintain control regularly may result in a ban from sparring which will hinder your progress.

## SCHOOL EXPECTATIONS

### Student Expectations

- Show up to class on time.
- Wear the school T-shirt for Krav Maga, or suitable and appropriate attire for UTKM's other offerings as required.
- Exhibit good personal cleanliness and hygiene, e.g. cut nails, clean attire, etc.
- Listen respectfully to the instructor(s).
- Be respectful to the other students and the instructor(s).
- Assist newer students if you see the opportunity to help them.
- Learn the techniques to the best of your ability.
- Be respectful to your partner when sparring, control your power, and understand that it's a learning process for both of you. Understand that it is ok to tell your partner that they are hitting too hard.
- Be comfortable leaving the class feeling exhausted.
- Understand and acknowledge that your progress will take time, so you will be patient.
- Do not ask to be promoted. The instructor will notify you when you are ready for testing.
- Represent UTKM in a respectful and appropriate manner both inside and outside the school. You are the school's ambassador and will reflect its values.
- Speak up in an appropriate manner if there is an issue with another student or instructor.

## Instructor Expectations

- Start the class on time.
- Be respectful to all the students.
- Provide an appropriate and accurate answer to any questions that may arise.
- Teach the technique(s) to the best of their ability.
- Be respectful when providing you with feedback or constructive criticism.
- Train you well, so outside the school you may walk in peace.
- Take pride in your progress.
- Make your training a positive experience and create a supportive learning environment.
- Be objective in regards to determining when a student is ready to be assessed or tested for promotion to the next level.
- Ensure that all safety measures are in place.

## UTKM Becoming a Instructor

For most people, Krav Maga is a place to learn how to better defend yourself and the people who matter most. It's a place to escape the noise of the world, test yourself mentally and physically, and build your inner lion. But for some, the idea of becoming a Krav Maga instructor might pique your interest.

In the broader Krav Maga world, it's very common to become an "instructor" by taking a 2-7 day course and proving you know the techniques. At UTKM, we see this as a serious problem. The skills required to be a practitioner are very different from the skills required to be an instructor. This issue has plagued the Krav Maga world for years, which is why UTKM takes a longer, apprenticeship-style approach to developing instructors. If becoming an instructor interests you, know that the journey takes time, commitment, and a fair amount of studying and writing. Our instructor program has gone through many versions and continues to improve.

**First, know there are three types of instructors:**

- **Lead Instructors** are the most senior members of the Instructor Team and are certified to develop and certify other UTKM instructors.
- **Full Instructors** are certified instructors (Blue Belt or higher) who are qualified to run their own school or location.
- **Assistant Instructors** are certified instructors who teach at a location run by a Full or Lead Instructor.

**There are many paths to becoming a UTKM instructor. The best path is usually to start as an Assistant Instructor and gain real teaching experience, though there are multiple options:**

1. **Assistant Instructor Path:**

Complete the online 3-module Assistant Instructor course (approximately 1-6 months), achieve your Orange Belt, and complete an in-person teaching practicum under supervision. (Additional in-person training may also be required.)

2. **Full Instructor Path (Standard):**

Complete the Full Instructor program (8 modules, approximately 6-24 months), or upgrade from Assistant Instructor through the upgrade course. Complete an in-person teaching practicum, gain 2-3 years of teaching experience, achieve your Blue Belt, and meet any additional requirements.

### 3. Full Instructor Challenge Test (Black Belt Level):

After achieving your Black Belt and completing the Full Instructor course online, you may attempt a Full Instructor challenge test day. Successful completion results in Full Instructor status. A practicum is recommended beforehand, but only required if you do not pass the challenge test. If you fail, you must complete a practicum before re-testing. This path waives the usual requirement of 2-3 years of prior teaching experience.

### 4. Lead Instructor Path:

To become a Lead Instructor, you must have at least 5 years of teaching experience under UTKM, achieve your Black Belt, and be approved by UTKM HQ.

Regardless of the path you choose, becoming an instructor shouldn't be "just another certificate" to add to your resume. It should be something you genuinely want to do. While becoming an Assistant Instructor can sometimes be done casually—whether to help your school or deepen your training—becoming a Full Instructor is a lifestyle. It isn't something to take lightly, because it means you're choosing to dedicate your time and energy to helping turn lambs into lions.

## Krav Maga and Grappling (BJJ)

### Krav Maga and BJJ - A Good Pairing

You may have wondered why UTKM encourages students to add Brazilian Jiu-Jitsu (BJJ) or equivalent to their self-defense arsenal.

As complete a system as Krav Maga is, like any method of self-defense or martial arts it cannot address all threats that come in all forms. Krav Maga strongly advises students that in any altercation, they should strive to not go to the ground. The reasons should be apparent: The ground is hard and nasty, there may be sharp or dangerous objects lying on it, and more importantly, you leave yourself openly vulnerable to getting kicked in the head if your opponent has a friend lying in wait. Or worse, a weapon is drawn and you can no longer quickly evade. In short, it's just not a good place to be.

However, UTKM has a solution to fill this gap; we recommend students also take BJJ.

BJJ is, by far, the best self-defense to learn for ground fighting and grappling. Its sole mission is to teach students how to not only manipulate and overpower your opponent in ground fighting, but also to force them to submit. The sport has worldwide recognition and a student base that is ever growing. Its main drawback, however, is that it is primarily focused on ground tactics, and while it has a few stand-up techniques, it shines in its grappling skills. This is why Krav Maga and BJJ, like a good meal served with wine, makes for a good pairing.

While not initially mandatory, if you wish to eventually get a UTKM Krav Maga Black Belt you must attain a BJJ Blue Belt (or equivalent). A UTKM Black Belt may take 8-15 years to achieve, while a BJJ Blue Belt may be earned in only 2-3 years with consistent training. So, you have plenty of time to do both.

If a student has a background in another sport that has groundwork as part of their training, such as Judo, Wrestling, or SAMBO, then we will take this into account. However, if a student has no background in ground tactics and strategies, then UTKM highly recommends you supplement your Krav Maga training with BJJ.

## A Final Word

This Student Handbook is provided by UTKM with the intention of giving you the best experience possible while a student of the school. We believe that the more knowledge you have of Krav Maga, how the school operates, and what other offerings are available, the better prepared you will be when you attend our classes.

Do you have what it takes to become a Lion? Because they did!

Now... let's train.

# WHITE BELT STUDENT WORKBOOK

## How to use this Workbook

This work book is here to help you on your journey from Lamb to Lion, more specifically your journey from White to Yellow belt. UTKM's ranking, testing, and curriculum is its own and draws from multiple Krav Maga organizations as well as the Israeli Defense Force (IDF).

At White belt you will learn all the basics skills of moving, kicking, punching, blocking, and more importantly, thinking for self-defense. This material is the foundation of your Krav Maga skills and knowledge, and is what you should spend the most time mastering.

This workbook is here to help you and your instructors track your progress through the basics. It is your responsibility to track your regular curriculum progress and it is your instructor's responsibility to sign off upon completion of each curriculum block as well as other requirements. Without a signed off copy of this workbook you cannot partake in pre-testing Assessment seminars, and without that you cannot take your test. So, keep this workbook somewhere safe. You don't have to bring it to every class but make sure you bring it when an instructor needs to sign off on something.

Remember, your progress is your own and although we track your attendance it's the honour system when it comes to whether you have learned something or not. Just know that come Assessment time we will find out if you have sufficiently trained specific techniques or understand the required concepts.

We look forward to instructing you.

## Basic Krav Maga Concepts

Krav Maga is not just about techniques but also concepts and theories. Here is a basic list of the non-technique components of Krav Maga that you need to know. The explanation of each principle is available on the blog at:

<https://utkmblog.com/krav-maga-self-defense-principles/>

### General Self Defense Principles

- Critical Thinking
- Use of Force
- Action Vs Reaction
- Fight, Flight, Freeze
- The Stages of Self Defense
- Mental Awareness Colour Code
- Base, Posture, Structure
- Create Space
- The Body: Weapons and Ranges
- The Body: Vulnerable Points
- The Body: Circulatory System
- Training and Muscle memory

### Krav Maga Principles

- Situational Awareness – Assess, Assess, Assess
- Keep Your Hands up
- Simultaneous defend and attack
- Cause pain, off balance, disrupt
- Retzef
- The Safety of Assumption
- Avoid the ground
- Keep it simple
- Gross motor movement over fine motor movement
- Hard on soft, soft on hard
- Avoid injury
- Attack types
- Attack patterns
- When in doubt: Head or groin
- Learn to walk in peace

## Krav Maga and Self Defense Concepts

Krav Maga is not just a set of techniques; it is a set of principles, concepts, and a way of life. Although full descriptions of these concepts can be found on the blog at:

<https://utkmblog.com/krav-maga-self-defense-principles/>

We find for many people it is best to write the concepts in their own words. Use this space at your pleasure to expand your knowledge. This space is for your use only, but this knowledge will come up during all testing levels.

General Self Defense Principles	Krav Maga Specific principles
Critical Thinking:	Situational Awareness:
Use of Force:	Keep your hands up:
Action vs reaction:	Simultaneous defend and attack:

**Fight, Flight, Freeze:**

**Cause pain, Off balance, Disrupt:**

**The Stages of Self Defense:**

**Retzef:**

**Mental Awareness Colour Code:**

**The Safety of Assumption:**

**Base, Posture, Structure:**

**Avoid the ground:**

**Create Space:**

**Keep it simple:**

The Body: Weapons and Ranges:	Gross motor vs Fine motor movement:
The Body: Vulnerable points:	Hard on soft, Soft on hard:
The Body: Circulatory System:	Avoid Injury:
Training and Muscle Memory:	Attack Types:
Notes:	Attack Patterns:

Notes:	When in Doubt: Head or Groin:
Notes:	Learn to Walk in Peace:

**Additional Notes:**

## WHITE BELT TECHNIQUES

In this section is listed all the white belt techniques you need to know and will be tested on. Track your progress by noting the date each time you train a technique in class, so you know and we know how fresh the knowledge is. The White Belt Curriculum cycles every 6 months. So make sure you do not miss an entire Block or you will have to wait until it comes up again.

Technique	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)
<b>BLOCK 1:</b>					
<b>Movement and Combatives</b>					
<b>Stance and Movement</b>					
Semi Passive Stance ( <i>i</i> )					
Fighting Stance ( <i>i</i> )					
Footwork ( <i>i</i> )					
<b>Beginner Combatives: Your Body's Weapons</b>					
Front Push Kick ( <i>i</i> )					
Front Teep Kick					
Groin Jab (Pre-emptive)					
Groin Stomp(Front whip kick)( <i>i</i> )					
Oblique Kick					
External Low Kick (roundhouse) ( <i>i</i> )					
Modified Roundhouse Kick					
Side Kick: Low & (push ( <i>i</i> ))					
Jab and Cross (1 & 2) ( <i>i</i> )					
Palm Strikes ( <i>i</i> )					
Eye Flick & Throat Jab					
Ear Smash					
Hammer Fist 1 - Horizontal/Back ( <i>i</i> )					
Hammer Fist 2 - down ( <i>i</i> )					
Hammer Fist 3 - forward					

Technique	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)
<b>BLOCK 1:</b>					
<b>Movement and</b>					
<b>Combatives</b>					
<b>Beginner Combatives: Your</b>					
<b>Body's Weapons</b>					
Regular Groin Kick					
Hook 1 - Krav Maga Hooks (Vertical knuckles) (3 & 4) ( <i>i</i> )					
Uppercut 1 - (5 & 6) ( <i>i</i> )					
Head Butt					
Elbow 1 - Horizontal ( <i>i</i> ) (left & right)					
Elbow 2 - Backward ( <i>i</i> )					
Elbow 3 - Uppercut ( <i>i</i> )					
Elbow 4 - Downward					
Elbow 5 - Lateral					
Eye Gouge - Single and Double thumb					
Nir Combo					
Krav Maga Knees ( <i>i</i> )

Technique	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)
<b>BLOCK 2:</b> <b>Straight Line &amp; Circular</b> <b>Attacks: Armed &amp; Unarmed</b>					
Educational Block (pre-emptive)					
<b>Straight Line Defense - parry</b> (i)					
<b>Straight Line Defense - Vertical</b> sweep traditional					
<b>Straight Line Defense - Vertical</b> sweep committed attack					
<b>Straight Line Defense - Slide</b> defense (Unarmed only)					
<b>Knife Attack - Prevention &amp;</b> Escape with/without object (i)					
<b>Knife Attack - Initiation in open</b> area - High push kick (i)					
<b>Circular Defense - 360 blocks &amp;</b> 360 High basics (i)					
<b>Circular Defense - 360 High</b> and disengage (Wrist to hip) (i)					
<b>Circular Defense - 360 High</b> Late response open area (Slap) (i)					
<b>Circular Defense - 360 High &amp;</b> Low - control and disengage					
<b>Circular Defense - 360 Low</b> Late response confined area (i)					
<b>Knife Threat - Static Telegraphed</b>					
<b>Circular Defense - External low</b> kick - absorbing (i)					
<b>Circular Defense - Leg Checks</b>					
<b>Circular Defense - "Captain morgan"</b>					

Technique	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)	Date: (yyyy/mm/dd)
<b>BLOCK 3:</b> <b>Beginner Choke</b> <b>Defense</b>					
<b>Chokes from Front -</b> 1. Single pluck and strike ( <i>i</i> )					
<b>Chokes from Front -</b> 2. Double Pluck (Kick or Knee)					
<b>Chokes from Front -</b> 3. Arm up escape					
<b>Choke/ Grab from Behind -</b> Hammer Fist 1 ( <i>i</i> )					
<b>Choke/ Grab from Behind -</b> Reverse Vertical sweep					
<b>Choke/Grab from Behind -</b> Traditional (Pluck/Step/Strike)					
<b>Choke from Side (2 options)</b>					
<b>Standing Headlock Escape</b> 1. Traditional - Groin & Eyes ( <i>i</i> )					
<b>Standing Headlock Escape</b> 2. Stuck - Front Hammer Fist ( <i>i</i> )					
<b>Standing Headlock Escape</b> 3. Stuck - Knife Hand Extension to position switch					
<b>Standing Rear Naked Choke</b> Escape					

Techniques Highlighted in **THIS GREY** are sequential techniques. This means you do the first one, if it doesn't work do the next one, and so on.

<b>BLOCK 4:</b> <b>Beginner Ground</b> <b>Techniques: Falling and</b> <b>getting up</b>					
<b>Back Break Fall</b> ( <i>i</i> )					
<b>Front Break Falls</b> - hard and soft ( <i>i</i> )					
<b>Side Break Falls</b> - left and right ( <i>i</i> )					
<b>Position after the fall</b> Knee to Elbow Side Defense					
<b>Position after the fall</b> Shoulders to Matt Kicking up ( <i>i</i> )					
<b>Getting Up from the Ground</b> 1 - Aggressive forward ( <i>i</i> )					
<b>Getting Up from the Ground</b> 2 - Technical standup					
<b>Getting Up from the Ground</b> 3 -Running away

## Sparring Requirements

### REMINDER:

Sparring is 100% essential to Urban Tactics Krav Maga training. Sparring does not have to be difficult or scary, and with the proper protective gear, sparring can be fun, rewarding, and, most importantly, SAFE. In sparring, students will practice aggression, power, and judging distance, as well as learning how to handle themselves under violent stress. Students also have the opportunity to put their techniques and fighting skills to the test, to see what works for them and what does not.

*Note that due to simple physics, an individual who is heavier and has more mass can exert far more force with relatively less energy. If a person who is 100lbs hits a person twice their size, they will have to hit considerably harder to do significant damage compared to their opponent. For the larger fighter, having greater mass means they do not have to exert as much energy. Therefore, we usually instruct our students to utilize 10% power as we want them to work on range, speed, technique, movement, etc., rather than trying to kill each other.*

Remember, no one is exactly alike and everyone has their own strengths and weaknesses. The only way that you are going to find out what works for you is through sparring with opponents of various sizes, strengths, speeds, heights, ages, and abilities.

### REMINDER:

\*If you attend multiple Warrior classes a week it is recommended that you do not spar more than once a week.

## Rules and Requirements

### Krav Maga Sparring – Light Contact

- **No Mouth Guard, No Sparring!**
- Full protective gear is required - Groin protection (both men and women), MMA gloves, mouth guard, helmet with facemask. **NO SHOES DURING SPARRING.** Shin Guards are optional during class but are not permitted during assessments or testing.
- Sparring is light contact. 10% of your power most of the time, unless otherwise directed by the instructor.
- Sparring is closely monitored by the instructor, and often safety monitors are appointed.
- **If someone hits too hard, let them know!**

### Krav Maga Sparring – Body Shots - No Headshots

- **No Mouth Guard, No Sparring!**
- **For those under 16, those sparring with students 16 or under or sparring with Junior ranks**
- Sparring can be no contact “flow sparring”
- Sparring can be light contact body shot only
- Sparring for 16 plus can be harder contact 50-70% for those comfortable training their endurance and mental strength.

### Krav Maga Sparring – Slow Flow Sparring

- Light contact to the body
- No Head or face shots with contact
- Flow sparring either back and forth or in a flow state.
- **Ideal when injured or not feeling 100%**

Above all, **BE RESPECTFUL TOWARDS YOUR TRAINING PARTNER!** If a fellow student or Instructor says you are hitting too hard then **YOU ARE HITTING TOO HARD**, it is not a debate. Also remember, if your partner is hitting too hard there is a chance that **YOU ARE HITTING TOO HARD**, and you should dial it back! It is light contact and nothing more. Failure to maintain control regularly may result in a ban from sparring which will hinder your progress.

Prior to being allowed to take your pre-test Assessment seminar you must have sparred a minimum of 10 times, and your instructor must sign off each time. After your pre-test Assessment you must spar an additional 10 times and your instructor must also sign off on this. Use this section to track your progress. Remember, sparring is only during the Warrior classes and you are only eligible for these classes after your first month, after you are cleared by an instructor for the class.

## Warrior Class Instructor Approval (PRINT THIS PAGE)

Instructor name (Print)	Instructor Signature	Date (YYYY/MM/DD)	Student Initials

By signing here, the instructor listed above is giving the student to whom this book belongs clearance to progress from Defense to Warrior class. Instructors will only give approval if you have completed your 4 week trial with a minimum of 4 classes attended, and, by their discretion, they deem you to be mentally and physically fit to attend the Warrior class. The student whom owns this booklet must initial to acknowledges the risks and dangers associated with sparring and take full responsibility for anything that happens as a result of negligence, failure to listen to instructors, or dangerous behavior, and any and all terms set out in the waiver you signed when you joined UTKM. **INSTRUCTORS MUST ALSO UPDATE THIS SKILL IN ZEN PLANNER.**

## Sparring Progress Records

### First 3-6 months - Pre Assessment\*

Date	Instructor Initial	Date	Instructor Initial	Date	Instructor Initial	Date	Instructor Initial

\*A min of 10 is required for instructors to properly asses. More may be required.

### Post Assessment \*\*

Date	Instructor Initial	Date	Instructor Initial	Date	Instructor Initial	Date	Instructor Initial

\*\*10 or more is recommended after your white belt assessment.

Instructors are to only initial if they personally witnessed the student sparring.
